New opportunities provided in physical activity.  An audit has been undertaken and acted upon. Sports Crew are active within the school in providing activities for all year groups once a term.  Play leaders in both school are prompting physical activity at lunchtime.

### **Evaluation 2018**

Play Leaders have impacted massively on participation levels at lunchtimes this year with our participation levels over the year showing 100% of children were involved in at least 1 lunchtime activity each term. The KS2 Play Leader has also targeted children who did not participate at all the previous year. Both leaders have worked closely with the Sports Crew, attending the training of the new Sports Crew for the new academic year. This year we have introduced Level 0 activities and have strived to develop the concept of 'Personal Best'. This again has impacted on more children previously less likely to join in with lunchtime activities to become more involved. Our Active Week in July consolidated this.

Forest School sessions for Year 5 took place this year although the move to the new school has led to the transportation of groups to and from the Forest School Sites being an added cost.

**Bikeability is offered to all Year 5/6 children.**

**Taster sessions took place in the school for basket ball, tennis and netball and links made to clubs offered outside school. Pace Setters also offer gymnastics, Olympics, tennis and Football as part of before and after school provision.**
