Key Questions

What is a password and why should we keep them safe?

A password is a secret word or phrase that allows a user to access a website. Passwords are like toothbrushes in that they should not be shared with anyone else.

Is everything I read on the Internet true?

Just because something is on the Internet doesn't mean that it is true. Some people create spoof websites that pretend to be something else such as a bank website or to provide misleading information.

How do I know if I am old enough to play a computer game?

Computer games, like films, are often not suitable for children. PEGI ratings will show how old a person must be to play a game.

Unit: 3.2

Online Safety

Key Vocabulary

Appropriate

When using online services such as blogging or sharing information. It's important that users behave appropriately. Users should be truthful, respectful, kind, seek any permissions and report anything they feel uncomfortable with.

Password

A secret word, phrase or combination of letters, numbers and symbols that must be used to gain admission to a site or application such as a website.

Spoof

An imitation of something that appears to look genuine.

Vlog

A personal website or social media account where a person regularly posts short videos.

Blog

A regularly updated website or web page, typically one run by an individual or small group, that is written in an informal or conversational style.

Personal Information

This is information that is personal to someone. For example, their favourite food, their name and age.

Reputable source

Reputable sources are known places or sites that have accurate information. For example, well known news sites or encyclopaedias.

Reliable Source

A source of information that provides thorough, well-reasoned details based on valid evidence.

Website

A set of related web pages located under a single name.

Inappropriate

Behaviour or content online that is upsetting, rude, unkind or makes someone feel unsafe or concerned.

Internet

A global computer network providing a variety of information and communication facilities, consisting of interconnected networks and computers.

Permission

When someone shares or accesses content online, it's important that permission is given if it belongs to someone else or has information about them.

Verify

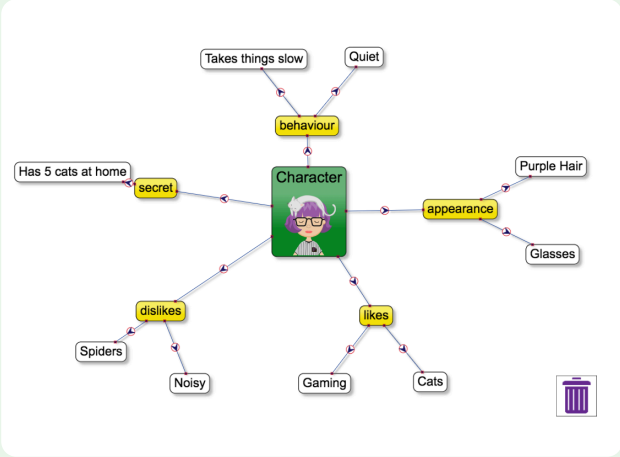

When seeking content online, it is important that a user verifies the information. They can do this by checking other sources and looking for signs that may indicate inaccuracy in the information.
